Unanimously the local Victory loan general committee voted Friday night to keep the campaign in Norwich going right on to a successful finish, with no halt until they have finished the job of reaching the town's quota of \$1,195,000.

At the meeting held in the Norwich Commercial school rooms in the Chamber of Commerce building, General Chairman Nathan A. Gibbs reported the total of 234 subscriptions for \$142,350 during Friday, which brought the Norwich total to \$1,133,500 with 1,402 subscriptions. There is still \$36,700 needed to reach the quota.

It is understood that a subscription of \$1000 will be made by the city, made by the Foxmills of Taftville.

Chairman Gibbs also stated that there were big stacks of pledge cards at every one of the banks in the city on which the subscribers who signed have not yet made their first payments, so that these cannot yet be counted in the "Come Again" campaign. It is the hope of the committee that these pledges may be taken up at once, as they will add a considerable total to the campaign.

Team records were reported at the meeting as follows:

Team 1—E. Parker..... \$35,900

2—E. W. Higgins..... 25,450

3—G. T. Higgins..... 15,000

Chairman Gibbs stated to the meeting that a "Come Again" campaign is to be conducted next week, in which it will be possible for teams to go over their territory again for any possible additional subscriptions.

Those that subscribe in the "Come Again" campaign will receive a Yankee Division button.

The meeting disposed of the question of what to do with the German medals which are to be disposed of by the committee. Nine of them are to be given as prizes for the Boy Scouts, one to go to the Boy Scout in each of the nine troops who secured the largest number of subscribers to the bonds. Two are to be given to the two Camp Fire Girls organizations on the way and the remaining two are to be placed at the Slater Memorial Museum as war trophies and specimens.

By vote of the meeting it was left to the women's committee to decide whether they considered it advisable to continue the campaign in the theaters for another week. The suggestion was made that it might be considered advisable in view of the very complete mopping up work that the Boy Scouts are expected to do.

Mrs. A. H. Chase, captain on theatre work, reported that the total so far secured through this means had been about \$9,350, which did not count in Friday subscriptions.

Victory bond subscribers are to receive from the government medals made from captured German cannon, and Chairman Gibbs has been called in to submit the Norwich list.
